THE
STUDENTS'
HANDBOOK

Central Collegiate Institute

REGINA, SASK.

*"Each is given a bag of tools,
A shapeless mass and a book of rules,
And each must make ere life be flown
A stumbling block or a stepping stone."*

Published Annually by

THE STUDENTS'
REPRESENTATIVE COUNCIL

PREFACE

For the fourth consecutive year we are issuing this Handbook to you, the students of Central, in the hope that you will refer to it often for information concerning sports, courses of study, and activities. It is also published with the purpose of aiding all Freshmen in their selection of courses, and acquainting them with the various phases of Collegiate life. It contains a good deal of useful data for the seniors. Learn the school yells and songs, remember them and use them at the various sporting events held throughout the year. Do not hesitate to become an active member of extra-curricular clubs and societies outlined here. This Handbook is for you—use it!

We wish to thank sincerely those who made this Handbook possible. We extend our appreciation and gratitude to all students who comprised our staff, and to the teachers for their advice. To the Students' Representative Council and Collegiate Board for their unfailing support and assistance, to our many advertisers and to our publishers we offer our acknowledgments.

J. E. CAMPBELL
PRINCIPAL

PRINCIPAL'S WELCOME

We take this opportunity of welcoming the students from the Elementary Schools who are entering our Grade IX classes. We hope as the time goes by you will feel the sincerity of our welcome, and know that the principal is anxious to help you in making the necessary adjustments in order to meet the various problems which force themselves upon you. May we suggest that you try to plan your four years in high school as a whole rather than thinking of them year by year? There may be subjects of study which you dislike but which are required for the course you wish to take. A liking for a subject can be developed by working at it. If you aim high and back up your ambition with hard work there is nothing you cannot accomplish.

We would like also to welcome to Regina those who have moved in during the summer. We hope these girls and boys will be happy in their new school home, take an active part in student activities and become rapidly adjusted to the new conditions. We are pleased also to welcome those who are returning to complete their studies. Let us all work together to make the year a success.

J. E. CAMPBELL,
Principal.

T. W. HUNT
VICE PRINCIPAL

~~Page 1~~

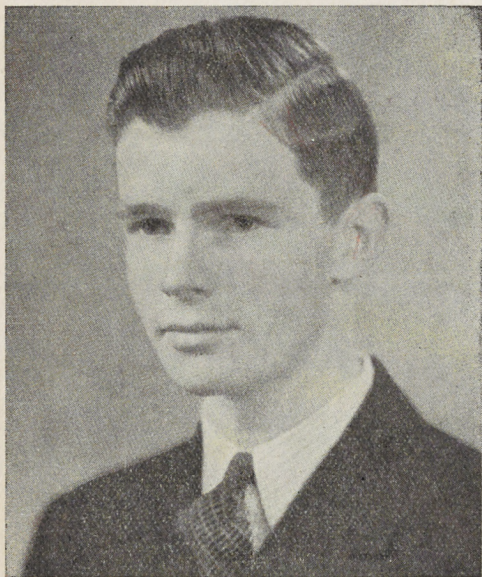

VICE PRINCIPAL'S WELCOME

It is a pleasure for me to extend a word of welcome to all our students, and particularly to those who are enrolling at Central for the first time. I sincerely hope that you will soon feel at home in your new environment.

At Central Collegiate many excellent facilities are provided for your all-round development. You should avail yourself of these opportunities, for the more you put into your collegiate life, both in the regular classroom work and in the many activities sponsored by the Students' Representative Council, the more you will take with you when you leave, and the broader will be your education.

You will make many true and lasting friendships here among your classmates and the members of the staff. We are proud of the spirit of good will and co-operation which, in the past, has characterized student-teacher relationships, and now yours is the opportunity of helping to maintain the very best traditions of this school. When the time comes for you to graduate, I trust that you will be able to look back with pride and satisfaction to the service you have rendered Central and to the benefits you yourselves have received.

T. W. HUNT,
Vice-Principal.

ALAN BLYTH
President of the S. R. C.

COUNCIL PRESIDENT'S WELCOME

As President of the Students' Representative Council, it is my privilege to extend my welcome and the welcome of the Council Executive to all the students attending Central Collegiate this year.

To those of you who have not attended Central before, perhaps I should explain what the Students' Council is. The executive of this body is elected each spring, and takes over its duties at the beginning of each school year. The remainder of the council is made up of the form presidents whom you will have an opportunity of electing to represent your room. I therefore hope you will make a wise choice in selecting this person, for he or she is the only one who can speak for you, and is the only one from whom you can learn what takes place at the meetings.

I sincerely hope that this year, as always, the Students' Council will have the full support of the students, and I hope you will enjoy our dramatic and social functions.

Again let me express my welcome and the hope that you will find this year one of the most eventful and enjoyable of your life.

ALAN BLYTH,
President of S.R.C.

TO THE STUDENTS OF CENTRAL COLLEGIATE

It is my privilege on behalf of the Board of Trustees to welcome you to Central Collegiate Institute for the 1941-42 school year. We wish you the fullest success in your studies and in the school activities.

Your Collegiate Course covers only four years. In the nature of things you will live many times that long. You can make your whole future brighter, happier and richer, and you can contribute much to brighten and enrich the lives of others if you use to the fullest possible extent your opportunities while here.

May this be your aim and your resolute purpose.

THOS. H. MOFFET.

HISTORY OF CENTRAL COLLEGIATE

The first Regina high school, which stood where R. H. Williams departmental store now stands, had a student body of sixty. In November, 1909, the front part of the present building, which includes ten classrooms, the offices, auditorium, and library, was opened and named Regina Collegiate Institute. In later years the gymnasium, north, and south wings were added, and in 1927 the name was changed to Central Collegiate. The student body now consists of 1,000 pupils.

In the thirty-odd years that students have graduated from these halls, there have been continual improvements. In 1934 the first Students' Representative Council was orig-

-

REGINA

inated. Previously the form presidents had met and elected a student from themselves to be president of the school. The officers are now elected by the students, with election campaigns, speeches, and posters. Our collegiate enjoys the greatest liberties possible.

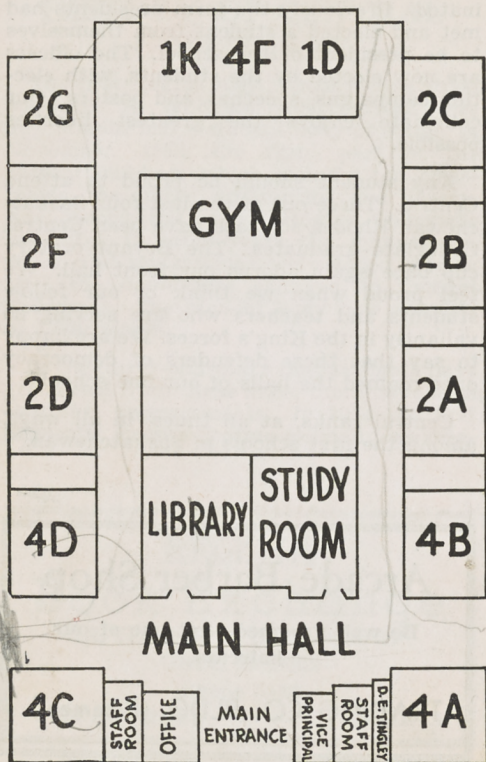

Any student should be proud to attend Central. Three out of the last four Saskatchewan Rhodes scholars have been Central Collegiate graduates. The Bryant oratory cup once again adorns our front hall. We feel proud when we think of our fellow students and teachers who are serving so valiantly in the King's forces. We are happy to say that these defenders of democracy once roamed the halls of our fine school.

Central ranks, at all times, in all ways, among the first schools in Saskatchewan.

SECOND FLOOR PLAN

CURRICULA

In all grades, in order to obtain standing, eight credits are required, but not more than ten credits may be attempted. English and General Mathematics have the value of two credits and the other subjects one. In Grades XI and XII a student does not receive a credit for Physical Education.

To select the required subjects, students should consult the principal or the university which they are going to attend.

GRADE IX

- (A) **General Course**—Compulsory subjects: English (Composition and Literature), History, Health and Physical Education. Four more credits are required, selected from: Mathematics, General Science, French, Latin, Home Economics, Manual Training, Music, Art.
- (B) **Normal School Entrance Course**—Compulsory subjects: English (Composition and Literature), History, General Mathematics, Health and Physical Education, General Science. One more credit is required, selected from: Art, Music, Home Economics, Latin, Manual Training, French.

TEXTS FOR GRADE IX

Literature—The Canada Book of Prose and Verse, Book Three, Revised Edition.

A Midsummer Night's Dream
(Shakespeare)

aut
Composition—Sense and Structure (Tiltz and Cochrane)

General Mathematics—Socialized Mathematics (Cooper and McCallum)

Rob
Science—Science (Hunt, Clarke and Davidson)

French—The Reading Approach to French, 1940 Edition (Ford and Hicks)

Sept—d'un Coup—Book 1 (Bond).

GRADE X

(A) **General Course**—Compulsory subjects: English (Literature and Composition), History, Health and Physical Education. Four more credits are required, to be selected from: Geometry, Algebra, Geography, Art, Music, Latin, French, Home Economics, Manual Training.

(B) **Normal School Entrance Course**—Compulsory subjects: English (Literature and Composition), History, Health and Physical Education, Geography, Mathematics (Algebra and Geometry). One more credit required, to be selected from: Art, Music, Latin, French, Home Economics, Manual Training.

TEXTS FOR GRADE X

Composition—Mastering Effective English
(Tressler and Lewis).

The Path of the King (Buchan)

Nine Modern Plays

A Tale of Two Cities (Dickens)

Literature—Selections in English Literature
for Grades IX and X.

The Canadian Poetry Book

Julius Caesar (Shakespeare)

The Dickens Book

Geometry—Plane Geometry (Hall and
Stevens)

Latin—Latin for Secondary Schools

History—World Progress (West and East-
man)

Algebra—Ontario High School Algebra
(Crawford).

GRADE XI

(A) **General Course**—Compulsory subjects:
History, English (Literature and Com-
position), Physical Education. Five of
the following options are required, one
of which must be a Science: Algebra,
Geometry, Physics, Chemistry, Agri-
culture, Home Economics, Art, Music,
Latin, French.

(B) **Normal School Entrance Course**—
Compulsory subjects: English (Litera-
ture and Composition), History (Math-
ematics (Algebra and Geometry),
Physical Education. Three of the fol-

lowing options are required, one of which must be a Science: Physics, Chemistry, Home Economics, Agriculture, French, Latin, Art, Music. Students who select Music as an option in this grade must submit evidence of holding certain music certificates which are satisfactory to the Department of Education. (See principal.)

TEXTS FOR GRADE XI

Literature—Macbeth (Shakespeare)

Kim (Kipling)

Palgraves Golden Treasury—Book IV and
Additional Poems

Composition—Mastering Effective English
(Tressler and Lewis)

SCHOLARSHIPS

FOR CENTRAL STUDENTS

University of Saskatchewan—A scholarship to the value of \$50 to be applied on the fees of the student with the highest standing in Grade XII on the nomination of the staff. This student must show promise and have qualities of leadership, etc.

Blair Memorial Scholarship—On the principal's recommendation one Grade IX student and one Grade X student are each awarded \$17.50. Academic standing is the basis of this award.

Bothwell Scholarship—Two prizes totaling \$50 (\$30 and \$20 respectively) are awarded fourth year students for distinguished work in English. These are determined by the marks obtained in Departmental examinations.

FOR ALL COLLEGIATE STUDENTS (In Regina)

I.O.D.E. Scholarship—This scholarship is awarded to a Regina student entering second year Regina College. It is valued at \$126 and covers fees for tuition, books, and sport activities. Financial considerations and marks are considered, with preference given to a student whose father is a returned man. Applications should be sent to Mrs. F. G. Cunningham of 3113 College Avenue (before September 1).

(In Saskatchewan)

Women's University Club Scholarship—The value of \$50, tenable at the Regina College or the University of Saskatchewan. This scholarship is open to students with senior matriculation academic standing. Qualities of leadership are considered. Applications must be in before June 1st.

Regina College Scholarship—This scholarship was recently inaugurated by Regina College to deserving students in the province. Fifty dollars is awarded toward fees. Academic standing and school leadership are taken into consideration.

When you

*“say it with flowers”
you want the “Best”*

Call 8707

AL GILLESPIE
Queen City Florist

PRIZES

Governor General's Medal—Two medals are awarded to Regina high schools. Nominations from each high school are sent to the Department of Education, where a committee decides the winners. Awards are based on scholarship, leadership, athletics, conduct and attendance.

Chief Justice Brown's Medal—This is awarded for general proficiency in Senior Matriculation (Grade XII).

Gyro Club Medal—Upon the recommendation of the staff, this is awarded to a student for distinguished service to the school.

General Proficiency Prizes—A prize is awarded to the student with the highest standing in each of Grades IX, X and XI. Decisions are made by the staff.

Music Award—This is donated by Miss Cathro on the recommendation of the principal and Mr. Rj. Staples.

McAra Award in Manual Training—This prize is awarded to the students of Grades IX and X for the finest model made during the year.

Class Pins—Class pins are awarded to students of Grades IX and X on basis of standing obtained in tests throughout the year. Those pupils in Grades XI and XII with an average of 80% or over in two out of three sets of examinations are entitled to a class pin.

CALENDAR OF SCHOOL EVENTS

Inter-school Track and Field Meet—The first major event is held late in September, when "A" and "B" schools compete for the athletic pennant. This event is open to all students.

Commencement Exercises take place about the first of November in the Darke Hall. The scholastic and athletic awards gained during 1940-41 are presented.

Christmas Parties are usually held in the auditorium previous to the Christmas holidays—one for Grade IX, one for Grade X, and a combined party for Grades XI and XII.

Drama and Music—The competition for the MacMillan Trophy for drama is expected to start about February. It has not yet been decided whether the Mixed Chorus, Orchestra, and Dramatic Club will combine to present an Easter Concert in the Darke Hall.

Boys' Provincial Track and Field Meet is usually held about mid-May in Saskatoon. Last year it was cancelled, but it is hoped that it will be resumed this year.

Dances are planned by the Social Directorate. These take place in the auditorium on dates selected by the Social Executive.

These various activities are for your enjoyment. Participate in them!

REGULATIONS

Lates—A student must be in his seat by the last bell, morning and afternoon, otherwise he is late and is required to report immediately to the vice-principal's office, where either a late or an excuse slip will be issued. This slip must be placed on the classroom file.

Doors—The west door is the teachers' entrance only. The north, south and east doors are for the students' use.

Boundaries—The Central Collegiate boundaries extend from College Avenue to Fourteenth Avenue, and from Scarth Street to Hamilton Street. Students must have special permission before leaving these blocks during school hours.

Lost and Found—Your co-operation in reporting lost and found articles to the principal's office will contribute greatly to success in such matters.

Parking—Students are requested to park bicycles in the racks provided at the north and south of the school and to keep them locked when not in use. Bicycles should not be left unlocked or parked on the east side of the school.

No Smoking—Smoking is prohibited on school grounds during or after school hours.

Beware—Do not leave valuables in coat pockets or in desks. Money or other valuables may be left with the teacher or at the principal's office.

First Aid—Accidents during school hours should be reported to the nurse's office for attention. In case of serious injuries your home will be notified and a doctor called.

Errands—Occasionally students on school business are allowed to go to the classrooms. They are required to obtain a permission slip from the office and then to use the following procedure: knock, open the door and step inside, stating their requests to the teacher in charge. This method avoids unnecessary delay.

Fees—The fees for each year for a resident student are \$10 tuition and \$1 registration. The \$1 registration is at present allotted as follows: Athletic directorate, 45c; S.R.C., 35c; breakages, etc., 20c. Fees may be paid, if so desired, in two instalments, one September 1 and the other January 1. The non-resident fee is \$26, payable in the same manner.

Examinations—Christmas standing for grades XI and XII is based upon tests given throughout the fall term. The Easter standing is based on the Easter examinations. The fee for departmental examinations is \$7 for grade XI and \$8 for grade XII, or if in parts \$1 per paper. Grades IX and X do not write examinations but are promoted on the basis of tests during the year. Individual reports are issued twice a year with the exception of one extra issued to grades IX and X during the fall term.

Recommendations—Fifty per cent. of the students in grade XI and 33 1-3 per cent. in grade XII, having a "good standing" based on term examinations, may be recommended in each grade. In grades IX and X students will be promoted on the basis of tests throughout the year.

NURSE'S OFFICE

The Nurse's Office on the second floor will be open Monday, Tuesday and Thursday from 8.45 a.m. to 5.00 p.m. All students are at liberty to seek first aid and health advice at any time convenient to themselves and their teachers.

ATHLETIC AWARDS

In order to be eligible for an award, students must make a clear pass in their year's work. In some cases special consideration might be given by the awards committee. Any student who has been suspended may be rendered ineligible for an award.

Large "C's" will be awarded for the following: Boys—Senior Basketball, Rugby, Hockey and both Senior and Junior Track. Girls—Senior Basketball and Senior and Junior Track.

Small "C's" will be awarded for the following: Boys—Junior Basketball and Rugby, Swimming, Senior Baseball and Tennis. Girls—Junior Basketball, Swimming.

This year the committee will also consider awards for marksmanship.

Any student winning two large or four small "C's" will be given a crest. Any student winning two small "C's" may exchange them for one large "C." Students must participate in 50% of the games played in order to qualify for an award. The committee may add further sports to award list at any time. Players of the midget and mite teams will be given a small "C" if they have played on two such teams.

THE STUDENTS' REPRESENTATIVE COUNCIL

Officers:

President.....	Alan Blyth
Vice-President.....	Marjorie Taggart
Secretary.....	Shirley Naden
Treasurer.....	To be appointed

Directors:

Activities.....	Dorothy Swancar
Athletics.....	Geoffrey Hall
Dramatics.....	George Abram
Literary.....	Edna-Mae Meyers
Social.....	Keith Pettigrew

The Students' Representative Council, which is elected each spring by the students, was inaugurated for the purpose of fostering interest in and sponsoring the many activities pertaining to the student body. The council carries out its duties by the directorate system. In each field of activity a director is chosen by popular vote. Each director then selects an assistant committee of students who are active and interested in the particular activity. The executive of the council meets every second week throughout the year; and the complete council, consisting of a representative from each form, meets in the alternate weeks.

Activities Directorate

Director—Dorothy Swancar

The activities directorate was established to give smaller clubs and organizations representation on the Students' Representative Council. It is composed of the director and a representative from each of the clubs and organizations.

Athletic Directorate

Director—Geoffrey Hall

Advisers—Miss D. E. Tingley

Mr. B. Guest

The athletic director is elected at the annual school elections in May. The director chooses a council of three girls and three boys who arrange and finance all school sports. Anyone wishing more information is advised to communicate with Miss Tingley or Mr. B. Guest.

Dramatic Directorate

Director—George Abram

Dramatics is open to all interested third and fourth year students. The actors for the various plays are selected by competitive readings. It is possible that three concerts will be given during February and March at which the selected plays will be presented to compete for the MacMillan Trophy. The Rambaut Cup will be awarded the best actor or actress.

Literary Directorate

Director—Edna-Mae Meyers

The literary directorate consists of representatives of each grade appointed by the director to arrange auditorium periods. They control all programmes to be presented in activity periods. These programmes will include form presentations, films, addresses of interest to the student, quiz contests and community singing. Enthusiasm and co-operation of students is needed to make these periods enjoyable.

Social Directorate

Director—Keith Pettigrew.

Definite plans for the social year have yet to be made. However, during December separate Christmas parties for grades IX and X and a combined one for grades XI and XII will take place. Several dances and banquets will be arranged throughout the year.

THE JUNIOR SCIENCE CLUBS

This club is open to second year students only. It is divided into a number of different groups, each group taking a definite topic for special study during the year. Visits to industrial plants throughout the city will also give students a better picture of the industrial life of Regina.

GIRLS' BASKETBALL

The girls' basketball is divided into three groups. Requirements are:

Midget team—Fourteen years or 15 years and under 100 pounds.

Junior and senior teams—Ability is the only requirement. There is usually both intercollegiate and interform basketball.

BOYS' BASKETBALL

Coaches—Mr. F. W. Greenough

Mr. J. E. Cooper

The Midget weight requirement is 120 pounds or under. Last year the Juniors won the Kinsmen Trophy and the Consolation Championship of the interscholastic basketball tournament. Junior weight limit is 135 pounds or under. The seniors brought the senior basketball cup back to Central after an absence of one year. The only requirement for senior basketball is ability.

HOCKEY

Regular interform league games will be held on the north campus rink. Any student may play. The senior team, open to any experienced player, competes in the intercollegiate league.

RUGBY

The senior team is open to all boys with past rugby experience. This team competes in the intercollegiate league. There will also be first year interform rugby.

SWIMMING

A swimming meet is held each year at the Y.M.C.A., at which the Kiwanis Trophy is awarded. The places are open to all aquatic aspirants. The age divisions are:

Juniors—Sixteen years and under on the day of the meet.

Seniors—Seventeen years and over.

This applies to both boys and girls.

TENNIS

The three tennis courts on the north side of the school are for the use of Central students only. There is no fee, the only stipulation being that running shoes must be worn. Usually a major tennis tournament is conducted about the first week of June.

Court hours are: Week days, 4 to 8.30 p.m.; Saturdays, 9 a.m. to 8 p.m.

TRACK AND FIELD

Two meets are held regularly each year, the school field day in the fall and the boys' provincial meet held in May in Saskatoon. There is also a possibility that there will be a selection of students for the boys' team from Saskatchewan to compete against North Dakota in June.

The city intercollegiate track meet and the girls' provincial meet have been temporarily cancelled, but they will be continued if the necessary support is gained.

Age and weight requirements:

Midget—Boys and girls 14 years and under, or those of 15 years weighing less than 100 pounds;

Junior—Girls 16 years and under on the day of the meet; boys 16 years and under on January 1st, 1942;

Senior—Open to all those not included in the other classes. All students are urged to participate in these activities.

CADET CORPS

There will be a Central Collegiate Cadet Corps as in the preceding year and a commanding officer will be appointed to replace Cadet Colonel Ted Porter. Cadet training is compulsory for all students but boys may be exempt for the following reasons: (1) Physical unfitness; (2) Age—18 or over; (3) Membership in another Cadet Corps.

The corps will strive to maintain the high standard of last year's cadets.

MUSICAL ACTIVITIES

Director—Mr. Rj. Staples

Facilities are available for every student interested to take part in some musical activity.

The various musical organizations play a prominent part in the annual concert and other school programmes and usually broadcast at least once during the year.

THE ORCHESTRA

Rehearsals are held once a week during activity periods. Any student who plays an instrument, regardless of his ability, is welcome to join. Besides the usual orchestral work, this organization accompanies the Mixed Glee Club.

Students wishing to learn to play any of the instruments should consult Mr. Staples, who will be pleased to give advice and assistance.

THE MIXED GLEE CLUB

This group is open to all boys and girls interested in singing. They sing a varied programme of part songs and are featured in our annual school shows. Rehearsals are held once a week during an activity period.

THE BAND

It is hoped that it will be possible to organize a regular collegiate band during the year. All students interested are urged to get in touch with Mr. Staples as early as possible after the opening of school.

THE CHEMISTRY CLUB

Supervisor—Mr. D. S. MacMurchy

Open to third and fourth year students who wish to experiment farther afield from their course or wish to review what they have formerly taken. This club meets once a week in the chemistry laboratory. The members have all the equipment of the laboratory at their disposal.

THE BIOLOGY CLUB

The Biology Club is open to fourth year students who are especially interested in the study of biology.

Various activities, supplementary to the regular course, are undertaken. Lectures by outside speakers and by the students themselves are given on various topics and advanced dissection and biological experiments are performed. Visits to museums, laboratories and other scientific institutions are included.

CAMERA CLUB

Supervisor—Mr. H. M. Allan

The Camera Club gives to a limited number of students an opportunity to learn photography. Meetings are held weekly for instruction and discussion on the principles and practices of photography. Hikes are arranged on which the principles may be tried in practice. A well-equipped dark-room and three smaller ones are provided for developing, printing and enlarging. To cover the cost of chemicals and new or replaced equipment, a small fee is charged.

THE LIBRARY

Librarian—Miss M. E. Abey

The library is one of the finest collegiate libraries in the province. It provides over 3,000 educational and narrative volumes for the students' use. The Regina Public Library co-operate by lending books for the use of the junior students during supervised reading periods.

Every Central student is entitled to full library privileges and may draw out any book for use at home, subject to certain library conditions. Library hours: 8.45 a.m. to 4.45 p.m. on school days.

WAR SAVINGS

Last fall a committee was chosen by the S.R.C. to promote the sale of War Saving Stamps. A representative was chosen from each year and these in turn chose form salesmen. A report was given to the committee at least once a month. An interform competition was promoted from March 21st to April 10th. A sum of \$703.50 was raised. A total amount of \$2,750 has been collected in the school year from the sale of War Savings Stamps. The campaign for this year will be conducted on similar lines.

Buy War Saving Stamps regularly from your form salesman and help win the war.

SCHOOL PUBLICATIONS

YE FLAME

This is Central's year book, which is annually published about the middle of June. Composed entirely by the students, it contains class photographs, form reports, social news, sports, poems and short stories. The subscription fee of 60 cents per copy, along with advertisements, defrays publication expenses.

PERROQUET

The Perroquet is the school paper, which contains not only the latest news on sports, school activities and elections, but also literary contributions. There are usually about four issues published each year. The most outstanding improvements made last year were the addition of pictures and the "newspaper style" of printing. It is free to all students.

THE STUDENTS' HANDBOOK

This is the fourth issue of the Handbook. It is distributed free of charge at the beginning of the fall term and is designed to aid students in selecting their courses and acquainting them with collegiate life.

SONGS AND YELLS

COLLEGIATE SONG

If you should chance to pass our way,
You'll know we are collegians;
The same old song is heard each day
Around these happy regions.

You can't mistake us when you hear
This good old swinging cheer:
Themistocles, Thermopylae,
The Peloponnesian War;
X squared, Y squared,
H two S O four.
The French verb, the Latin verb,
And Archimedes' law.
Central Collegiate, Rah! Rah! Rah!

SCHOOL YELL

Che-Hee, Che-Haw, Che-Haw, Haw, Haw,
Rip 'em, smear 'em, eat 'em raw.
We got the zip, the pep, the thirst
To light the flame, put Central first.
C-E-N-T-R-A-L, Central.

RUGBY SONG

(To the Music of "Anchors Aweigh")

Stand, Central, on the field,
Let your line hold.
Stand firm and tackle hard
For the Purple and the Gold.
Let's see the score mount up,
To win the day.
Let's put that team to rout,
And chase them down the field the other
way.
Call your signals, Central,
Let's see you break right through that line.
Hold the ball now, Central,
How about a forward pass this time?
We don't care, just play fair,
And we'll cheer you all out there,
So-o-o-o, stand, Central, on the field.
